PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering (Data Science) student with hands-on experience in Python, C, SQL, data analysis libraries, Git/GitHub, and AI-focused projects. Interested in Data Science, Machine Learning, and software development, with experience in student ambassador activities, hackathons, and collaborative projects.

EDUCATION

B.Tech — Computer Science Engineering (Data Science)	Expected 2029
Maharana Pratap Engineering College, affiliated with APJ Abdul Kalam Technical University (AKTU)	CGPA: 8.45

EXPERIENCE & LEADERSHIP

Google Student Ambassador — Student Ambassador
Created and promoted AI-focused student activities and content, including workshops, reels, LinkedIn posts, and community engagement around Gemini and related AI tools.
Handshake AI Fellowship — AI Evaluation Specialist — Selected
Selected for the Handshake AI Fellowship for AI evaluation work in India; onboarding included project-based participation.
GirlScript Summer of Code (GSSoC) 2026 — Open Source Contributor — Selected
Selected to participate in GSSoC 2026 and contribute to open-source development.

PROJECTS

DevAstra — Academia-Industry Collaboration Platform

Developed a platform concept for skill mapping, internships, placement support, AI career guidance, resume creation, and a timetable/streak system. Built for the SIH problem statement “Portal for Academia - Industry collaboration for Skill Mapping, Internships and Placement.”

Resume Analyzer

Built a resume-analysis project focused on extracting and evaluating resume information for structured review. GitHub: github.com/satvik0160/resume-analyzer

AI Manthan 2.0 Hackathon Project

Worked on a collaborative hackathon project involving AI-focused problem solving and development. GitHub: github.com/sandy-21022007/Hackathon-Project-Ai-Manthan-2.0-/tree/master

TECHNICAL SKILLS

Programming: Python, C, C++, SQL
Data Science: Pandas, NumPy, Matplotlib, Requests, Scikit-learn
Tools: Git, GitHub, VS Code, Jupyter Notebook
Core Interests: Data Science, Machine Learning, Data Analysis, DSA

ACHIEVEMENTS & ACTIVITIES

- Quiztronix Quiz — 2nd Place; received a certificate and silver medal.
- IBM Z Datathon — Participant.
- Participated in student-led AI workshops, hackathon activities, and technical community initiatives.

ADDITIONAL INFORMATION

Career Focus: Data Science and Machine Learning | Graduation: 2029 | Location: Gorakhpur, Uttar Pradesh, India
